

REMARKS

The specification and drawings have been checked as to formal matters but no amendment thereto is believed to be necessary.

As to the arrangement of the specification, it is noted that the specification already contains the required headings. Therefore, no change in this regard is needed either.

It is noted that the claims were subject only to formal criticisms. The above amendments to the claims are believed to satisfy all of the formal criticisms set forth in the Official Action.

It is noted with thanks that the Examiner regards the claims as being allowable, apart from form. The formal matters having thus been taken care of, it is believed that the claims are now all in condition for allowance, and passage to issue is respectfully requested

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any

overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,

YOUNG & THOMPSON
